

UNIONS FIGHT PAY REDUCTION

Leaders Declare That They Are Unjustifiable.

TELEGRAPHERS' HEAD PRESENTS HIS CASE

Charges Railroads Make No Attempt To Hold Conferences with the Unions.

Chicago, March 7.—Before the railroad labor board, charges were made that the railroads generally had not held proper conferences with their employees before bringing requests for wage reductions to the board, and that only the lower classes were named while the roads held "petting parties" with the big four brotherhoods.

A short indictment of the roads, delivered by E. J. Manion, president of the Order of Railroad Telegraphers, wound up a session of roll call which disclosed that 200 railroad systems and 25 labor organizations are on the board's docket to fight out the case. Manion's statement was taken to be but a forecast of further charges of the same nature.

The object of seeking reductions at present was held out to the employees as a desire to translate them into freight and passenger rate reductions. Manion declared his conference committees were told. There was no attempt by most of the roads, he said, to negotiate a new wage scale based on the transportation act's prescription for a "just and reasonable wage."

In checking the carriers' submissions for decreases and submissions by some of the employees for increases, several discrepancies were found in the records and any objection to any submission will be heard by the board during the hearing. It was announced. The contentions of both sides on whether the submission was properly made will be heard and decided on by the board in the course of the hearing.

Regional wage conferences between the roads and the big four, referred to by Mr. Manion as "petting parties," have been going on for several weeks, but no agreement has been reached. Meanwhile requests by the roads for reduction of train service wages have been excluded from the present hearing.

naval disarmament plan," said King.

To Develop Other Means. "Those who dream of great national economy are due for a rude awakening. This nation will spend upwards of \$300,000,000 a year on developing other means of national defense while dismantling capital ships under the treaty clauses.

"What the United States saves in capital ships, she will spend on submarines, aeroplanes, destroyers, torpedo boats, aeroplanes carriers and monster mines along with other naval weapons yet to be developed."

King predicted that with capital ships barred, the nations would turn to development of some weapon, already known, to such proportions as to rival capital ships. He added that monster mines, capable of going out to sea, might be this development.

BONUS BILL IN DEEP WATERS

Presentation of the Measure Is Again Delayed.

MINOR ALTERATIONS TO BILL ARE MADE

Representative Longworth Says Ex-Service Men Should Be Able To Cash Certificates.

Washington, March 7.—Republican members of the house ways and means committee encountered unexpected snags in their consideration of the compromise soldiers' bonus bill.

It is understood that an unsuccessful effort was made to confine the bonus largely to the adjusted service certificate option. The other differences are said to have been unimportant.

It seems that the proposition to require the Democrats on the committee to cast their votes on the bill without having full opportunity to consider it met with some opposition from the majority side and it was indicated that when the measure was put in final form by the Republicans the minority members would be given time to study its provisions before the final committee action.

Committeemen declared that no important alterations had been made in the compromise plan eliminating the cash bonus except where the men were entitled to \$50 or less, and substituting a bank loan section to the adjusted service certificate title authorizing national and state banks and trust companies organized under state laws to loan certificate holders up to 50 per cent of the adjusted service credit.

Representative Longworth of Ohio, a member of the committee, said he thought the former service men would have no difficulty in realizing on the

Pressed regarding what action the provisional government had taken, Mr. Churchill replied that he was seeking to be fair to the provisional government in order not to compromise any measures it might be taking.

The colonial secretary added that he accepted responsibility for law and order on behalf of the British government and "I am confident that we are best discharging that responsibility by leaving it to the provisional government to take suitable action."

SAYS AMERICA SHOULD CHRISTIANIZE CHINA

Worker in China Addresses Y. M. C. A. Audience.

DECLARES CHINA IS IN RECEPTIVE MOOD

Speaker Warns Against Letting China Follow Japan and Become Militaristic.

"China is willing to go more than half-way in Christianizing her land," declared Arthur Rugh, student secretary of the National committee of the Y. M. C. A. of China, in addressing about twenty-five business and professional men at the dining room in the Y. M. C. A. building last night. Mr. Rugh compared China today with Japan of forty years ago and warned against letting China follow Japan's course and become a militaristic and anti-Christian nation. Lawrence Todnem, of the Y. M. C. A. at Tsinan, Shantung, China, also made a short address. The meeting was called to further the Y. M. C. A. work in China. James E. Phillips spoke of his experiences in China.

"United States was asleep when Japan was in a receptive mood and now Japan has absorbed our civilization without our Christianity," continued Mr. Rugh. "China is today in a receptive mood and she will take one of three things—bolshevism, militarism or Christianity."

One-fourth of World's People. "China is nearer to us now than Pennsylvania was a decade ago. In China with its population of more than 320,000,000 people, resides more than one-fourth of the people of the world. We have lived so long isolated that we can not realize we are no longer in a country by ourselves. The church must raise the standards of the world if Christ is to win His kingdom on earth.

"While China retains many of her customs, there are many of them which she has done away with. Four students at a Bible class in one of the towns with which I am in touch left for Russia to study bolshevism. While bolshevism does not keep its promises, it offers many alluring promises to solve the problems of such a country as China. However, I think that bolshevism is losing its power and grip.

"In December and January last China was ready to fight the world. The Chinese delegates came to the Washington conference in the hope that American standards and ideals would rule the conference, but they found that all nations were measured by the military power which they possessed. They came away from the conference resolved that when another conference was called they would have a sword sharp enough and long enough to make their wants known.

Delegates Christian. "Strangely enough, all of the delegates which the Chinese sent to the world conference were Christians and five of them were sons of ministers. Confucius taught that in his dying days a man would do the best that he could for other people and that must be true of the corrupt Peking government.

"In the eighties and nineties, when Japan was first opened up to the world, America was asleep and now we have a country of agnostics, a country which is militaristic and anti-Christian. It we think that Japan is a menace to the peace of the world, multiply it by ten and you have what China will be in ten years if America leaves her alone.

"No group of people on the earth is more open to the church than the thinkers in China. One man can do more in China than a whole association such as you have here can do in America. Business men can do much toward helping build up a vital Christian church in China. When the thinkers in China have turned Christian, they will lead the rest of the people in the right direction."

Mr. Phillips told of the two largest stores in Shanghai, which employ only Christian help and of the fight they were having to close on Sunday. He said in part:

Two Large Stores. "Non-Christian Chinese members of the boards of directors are very dishonest and for that reason it is very hard to mass capital together and have stock companies. While practically all of the other stores in Shanghai were little more than shops, these two stores would compare favorably with the largest of

American stores in New York or Chicago. They were able to get capital behind them because the members of the board of directors were Christians and they could be trusted with money."

Mr. Todnem told of the mammoth results accomplished by individuals in China because of the large population. In explaining the density of population, he said:

"To give you a little idea of the population of the province in which I am working, think of a piece of territory about the size of Illinois. In that leave the present population including Chicago and add to that New York and Cincinnati, Cleveland, Columbus, Marion, Nashville, Tennessee; New Orleans, San Francisco and many other large cities of the United States and then to that population add all of the population of Canada. Put all of these people together in the state of Illinois and you will have the same density of population that exists in China and for all of this population there is just one Y. M. C. A. secretary."

DENOUNCE CROSSING TRAGEDIES AS MURDER

Good Government Body Speakers Demand Safeguards.

TO SEND RESOLUTION TO HEADS OF RAILROADS

Body Commends Work of Officials in Curbing Recent Crime Wave.

Denouncing the recent railroad crossing tragedies as murder pure and simple, several speakers at the meeting of the Marion County Good Government association last night demanded that steps be taken to force the railroads to establish proper safeguards, so that such tragedies might be prevented in the future. A resolution to this effect was drawn up and passed at the meeting. It was voted that a copy be sent to city and county officials and the presidents of the various railroads running through Marion.

The work of the city and county peace officers in curbing the recent crime wave was commended by various speakers and it was voted that the organization go on record as endorsing the efforts of those officials to keep lawlessness at a minimum in the city. It was also voted that a transcript of the motion be sent to the mayor, the sheriff and the chief of police.

Banquet March 27.
A motion was passed setting March 27 as the date for a banquet at the Busy Bee cafeteria at which prominent educators of the state and county will be asked to give their views of the present condition of education, especially as regards the rural schools.

Folders announcing the aims and purposes of the organization were received and distributed. Three new members were initiated and several applications for membership received. A meeting of the general committee on the proposed building code for Marion will be held tonight in the Harding high-school building at which the remaining sections of the tentative code will be acted upon.

FROM OUR READERS

"Slaughter of Innocents."
Editor Star:—The recent and most lamentable railway crossing accident but brings to mind that there have been many, many similar and regrettable accidents in the past. Have we then any assurance that like or greater calamities may not happen in the future?

An act of prevention is worth a million regrets. This last and many previous accidents could have been prevented by the use of crossing gates at all dangerous crossings, and there are many such in Marion. Galton has them; Springfield has had them for forty years, and the same is true of many other cities and towns in Ohio, many much smaller, and of less importance than our own Marion.

If the present city council wishes to—I could almost say "immortalize themselves," let them not see 1922 pass into history without Marion having provided with safety gates at the principal railway crossings. If the councilmen have any doubts about public opinion in this matter, just let them interview the men and women whose votes put them where they in turn can vote to make Marion safer and better.

From the danger from trains passing through Marion at lightning speed, a flagman at the crossings is not enough protection. This we have had to admit with deep sorrow in the past. Shall the future also voice its vain regrets? The answer lies in the people of Marion, its city council and the railroads.

Boiled down, the proposition will amount to just this. Will the people of Marion have enough influence expressed through their city council to have the railroads install safety gates at dangerous crossings, or will the railroads have enough and greater influence to prevent their installation? Marion history for 1922 is in the making. Better than parades, fluttering of flags and speeches, though these have their rightful place, will be the celebration of Marion's centennial by the installation of safety gates that may prevent more accidents at this same celebration. Marion owes it to its own good people as well as to its guests that no provision for their safety be overlooked. Respectfully,
William G. Windhurst,
No. 154 South Main Street.

First of Yammigan Games.
San Antonio, March 7.—The first of the regular yammigan games for the world champion Giants was scheduled for this afternoon. While the youngsters were ready yesterday, the Giant regulars wanted another session of batting practice before tackling them.

Jess Barnes and Phil Douglas are the only two remaining holdouts on the team. Daneroff, Smith and Rawlings having signed contracts yesterday.

McGraw indicated today that the start of the season will find Ralph Shimmers, the Indianapolis speed merchant in center field and Ike Boone, southern association batting champion, will be kept as a pinch hitter.

Reeks Missing Players.
Seguin, Texas, March 7.—Kid Glendon, pilot of the White Sox, is scanning the wide Texas horizon for missing ball players. Eddie Collins, Henry Hooper, Amos Strunk, Bob Falk, Eddie Mulligan, Earl Sheely, Ernie Johnson, Dick E. Kerr, Johnny Mostil, Charley Robertson and George Lees are the absent-athletes. Kerr, Lees and Mulligan are definite holdouts. The others are under contract, simply have not reported and are due for some choice remarks from the popper "kid" when they appear in camp.

Athletic Stars To Compete.
Chicago, March 7.—Many star athletes of the middle western athletic clubs and colleges are expected to compete in the central A. A. U. indoor championship track and field meet to be staged here March 24. Among those already entered are Jole Ray, star distance man, and Loren Murchison, crack sprinter, who will compete under the colors of the Illinois A. C.

To Issue Statement.
Jacksonville, Fla., March 7.—"Squire" Ebbetts, owner of the Brooklyn Dodgers, is expected today to issue a statement giving the status of pitcher Bartleigh Grimes and outfielder Jimmy Johnston, only holdout members of the Brooklyn, who have not reported to training camp.

Major Recruits Like Demons.
Dallas, Texas, March 7.—Walter Hammond and Riggs Stephenson, both major league recruits, are going to give Bill Wambegans, regular second sacker, a hard fight for the regular berth. They are showing top form in fielding and hitting the apple like demons in practice.

Cincinnati Reds Training.
Mineral Wells, Texas, March 7.—The Cincinnati Reds started spring training today. Two two-hour sessions daily is the program mapped out for Moran's men. First baseman Fournier is not here yet, and Ed Roush is still a holdout.

Osborn Looks Good.
Catalina Island, Cal., March 7.—The showing of Ernest Osborn, a huge right-hander obtained from Atlanta, is especially pleasing to Manager Killefer, of the Cubs. Altrider, Kauffman and Stueland are other recruit pitchers who look good. Sometimes being misunderstood is to be preferred.

MEUSEL AT CRESCENT CITY YANK CAMP

Outfielder Ready To Start His Training Today.

New Orleans, March 7.—Bob Meusel, slugging outfielder of the New York Yanks, who can not start the season until May 20, because of his barnstorming trip after the world's series, is at the Yank camp, ready to start training today. Aaron Ward, second baseman, now is the only holdout in the Yankee ranks.

Manager Huggins yesterday took his young pitchers to the ball park, when rain prevented regular practice and gave them instructions in major league pitching. Among the pitchers given a chance to show their wares were Jim Jolley, late of the Galveston club, and B. T. Culp, formerly of the Georgia state league.

WITH THE PUGS

Wants Sparring Partner.
New York, March 7.—Eddie Kane, manager of the hard-hitting "Tom" Gibbons, who meets Harry Greb in a fifteen-round battle in Madison Square Garden Monday night, is ready to do his bit to aid in the present unemployment situation, he indicated today.

The St. Paul battler is in need of sparring partners, Kane announced, and said he would pay any price they asked provided they could stand the gall.

"It's no mean job," said Kane. "Tom now weighs 173 pounds and is almost ready for the fray. He is punching harder than ever before in his career. He's going to stop Greb just as sure as you are a foot high."

Greb is taking his training at Philadelphia Jack O'Brien's gym in the Garden. Gibbons is warning to his work at the Commonwealth gym. Articles for the battle were signed with Matchmaker Frank Flourney at the Garden late yesterday. They call for the boxers to make 175 pounds at 2 o'clock on the day of the contest.

Experts To Beat Dundee.
Chicago, March 7.—Charley White has settled down to hard training here for his match with Johnny Dundee in New York on March 17. White expects to beat Dundee so decisively that he will force Benny Leonard into a decision fight in Gotham.

Martin Wins.
Marlatta, March 7.—With a knockout in the third round, Bob Martin, A. E. F. champion, disposed of Soldier Ray Thompson in a scheduled ten-round bout here last night under auspices of the American legion post.

Thompson's showing was poor. Going down from a light punch in the opening round he took the count of nine, though apparently unhurt. Martin was the aggressor throughout. He punished his man severely in the third, registering three knockdowns before finally putting away the New Yorker with a solid right swing to the point of the chin, smashing his guard.

Martin's weight was announced as 187 pounds and Thompson's as 195. In the semi-final of eight rounds, George Parr, of Canton, shaded Babe Moran, of New York. The two are featherweights. Moran set a fast and furious pace but the blows of the Canton man were more effective and he had the babe hanging on at the finish.

Last Night's Fights.
At Cincinnati—"Chick" Alman Toledo, flyweight, shaded Gene LaRue, Canada, in a fast ten-round bout. Tony Carreiro, Cincinnati, fought his first professional bout and gained a decision over Mickey O'Dowd, of Terra Haute. Frankie Bowinkle, Dayton, Kentucky, stopped Joe Keets, Toledo, in three rounds. "Dutch" Chandler, Terra Haute, finished Johnny Rose, Cincinnati.

BETTER THAN CALOMEL
Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.
Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "fullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Adv.

Probing Painesville Disaster.
Cleveland, March 7.—The Ohio state public utilities commission opened an official investigation at Painesville into the collision there between a New York Central express train and an automobile last Friday night which resulted in 16 deaths. The hearing was conducted behind

closed doors. The entire crew of the train was questioned and it is understood that the testimony given at the coroner's inquest Saturday—that A. W. Barnes, crossing watchman, was at his post and warned Andrew Adams, driver of the bus, in ample time to have averted the tragedy—was repeated.

MISS RUTH BARTRAM WEDS ROY GOTTSCHALL

Ceremony Is Held at Bartram Home Monday Evening.

SINGLE RING SERVICE BY DR. L. L. STROCK

Couple Goes to New York City. Will Reside at No. 271 Summit Street.

One of the prettiest weddings of the season was celebrated Monday evening at the home of Mr. and Mrs. John H. Bartram, No. 492 South State street, when their daughter, Miss Ruth Bartram, became the bride of Mr. Roy W. Gottschall, son of Mrs. H. J. Lauer, of No. 271 Summit street.

The church service was spoken at by Dr. L. L. Strock, pastor of the First Presbyterian church. In the presence of a company of friends and relatives, the ceremony took place in the living room of the Bartram home before a host of palms, ferns and other plants and flowers transformed the room into a bower of greenery.

Sister Maid of Honor.

The bride was attended by her sister, Miss Ruth Bartram, as maid of honor and her cousin, Miss Helen Kramer, of this city, Miss Mildred Wood, of Springfield, and Miss Ruth Garbison, of Hagerstown, Maryland, as bridesmaids. J. Mack Perkins, of Philadelphia, served Mr. Gottschall as best man. Mr. Perkins and Mr. Gottschall are childhood friends, fraternity brothers and served overseas together.

Miss Anne Katherine Bartram, of Columbus, Mr. John Kline Bartram, son and brother of the bride, and Miss Elizabeth Lauer and Roland Lauer, of Logan, niece and nephew of the groom, served as ribbon bearers. While Miss Lois Mae Lauer, of Logan, and Miss Betty Grace Kramer, of Cleveland, carried the bride's train.

The bride was given in marriage by her father and the members of the wedding party took their places before the altar as the wedding march from Ludwigslagen was played by Miss Clara Leffer, of this city, violinist, accompanied on the piano by Mrs. C. P. Lauer, of Logan. Miss Leffer and Mrs. Lauer entertained with a group of numbers preceding the ceremony.

White Crepe Satin Gown.

The bride wore a wedding gown of white crepe satin. The bodice was laced with pearls, with a Dresden point lace collar and the train was lined with silver cloth and trimmed with tiny white satin flowers.

For the first time in the history of the city, a wedding was held at the home of the bride's father. The ceremony was held at the home of Mr. and Mrs. John H. Bartram, No. 492 South State street, when their daughter, Miss Ruth Bartram, became the bride of Mr. Roy W. Gottschall, son of Mrs. H. J. Lauer, of No. 271 Summit street.
